PLAY TO WIN
INSPIRING AUDIENCES TO
BELIEVE • EXECUTE • ACHIEVE

ROGER CRAWFORD

Helping organizations go beyond acceptable to achieve the exceptional!

AV REQUIREMENTS

Lavaliere Microphone
A lavaliere microphone clips to the lapel or fits around the neck. A wireless lavaliere is preferred; however, one with a cord is satisfactory. Please make sure that the cord has sufficient length for Roger to walk from side to side on the stage.

Microphone for Introduction
The person who introduces Roger will need a separate microphone.

Stage
Please provide an elevated stage so audience members can see Roger clearly. Roger needs a minimum of 12 feet in stage length.

PowerPoint Presentation
Roger will bring his PowerPoint presentation on a USB flash drive. Please make sure that the screen is large enough for everyone in the audience to see. If you do not have rear projection, please place the screen off to the side of the stage so the projector does not block the view of the audience. Internet access is required.

Audience Seating
Roger requests that the audience be seated as close to him as possible. Theater style is preferred. If Roger is speaking following a meal, please make sure that the meal servers are not picking up dishes or pouring coffee during his presentation. This can be distracting for the audience.

Questions?
If you have questions regarding Roger's audio-video needs or the room set-up, please contact
Kathryn Hill, Director of Possibilities at 1-800-311-3344.
