

John Amatt

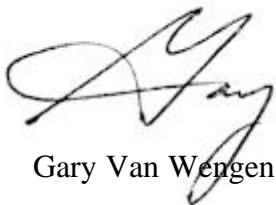

Dear John:

I wanted to personally thank you again for your role in making our PricewaterhouseCoopers MWBU Partner/Director meeting a success! Your message was a great way for us to start off the day and I've received a number of compliments from attendees on your portion of the program.

Your emphasis on attitude, teamwork and courage in a challenging and changing environment was right on target and allowed us to kick-off the conference on the right foot. I don't think we could have chosen a better presenter to pull all of our critical messages together in such an inspirational fashion.

It was truly a pleasure to have you as a part of our conference. Thanks again, and best of luck in your future "climbs."

Sincerely,

Gary Van Wengen

Very well done!  
Thanks again!
