## OFFERING HIGHLY CUSTOMIZED PROFESSIONAL DEVELOPMENT PROGRAMS FOR LEADERS + TEAMS!

Equipping leaders to unlock extraordinary results for their talent, teams and organizations is the cornerstone of our work. Our programs enable strategic execution, organizational change, succession management, leadership development and coaching. We accomplish this by:

- Designing customized learning solutions for individuals, teams, corporations, small businesses, and non-profit organizations
- Guiding people to become more effective leaders, while discovering the most fulfilling way to leave an intentional, impactful legacy on the world around them
- Working with communities to develop educational programs, processes and events that raise awareness, create dialogue, change behavior, and foster social and ecological sustainability
- Training coaches who not only offer a deep understanding of practical business experience, adult learning and leadership development, but also are certified with the International Coach Federation
- Researching at the intersection of leadership development, transformative learning, social and ecological sustainability

## PUT EXPERIENCE TO WORK FOR YOU!

- 20 years experience in corporate leadership development and instructional design
- ICF-certified Professional Certified Coach
- Change Management Consultant

## LEARN.

Many leaders struggle to maximize organizational outcomes, while pursuing their ultimate mission. At Blue Horizon Solutions, we design programs that equip people to learn new skills, knowledge and self-awareness, so that they can lead extraordinary teams, build sustainable organizations, and change the world for good in the process.

## LEAD.

We believe learning is the foundation for creating better organizations, communities, society and planet. By creating transformative learning experiences, we aspire to develop responsible leaders with a passion for sustainable positive change and an intentional legacy for future generations.

## LEAVE A LEGACY.

Every choice we make leaves an impact. We help people to make intentional choices that leave a positive impact on the people and world around them. This is their legacy.

Our custom designed programs allow leaders and teams to learn new skills, lead with dignity and grace, and leave a legacy with meaning and purpose.

*"Every day you have an impact on the people, businesses and environment around you. This is your legacy. Be intentional about choosing what that legacy will be." ~ Shelli Hendricks*
