Subject: RE: Props to Merlyn Clarke - keep up the good work!

Saw a typo, should be good now. Feel free to spell check my work , ha ha

Here you go,

I wanted to take a moment to express my thoughts on a very special person. Even though I have only known her for a short while, meeting each week thru our “Change Your World” zoom calls.

I can sense she is a person of integrity, compassion and most importantly a servants heart.

As she facilitates the weekly calls I can hear in her voice the love she has for teaching and helping others.

I love her spirit, not only when sharing but also her willingness to learn from everyone who participates.

I’m talking about “Merlyn Clarke”. I hope these brief few words will allow others to know her like have been privileged to know her.

Keep up the good work Merlyn!
