

THE RHYTHM OF INCLUSION

Diversity of Thought Drives Innovation Diversity of People Fuels Diversity of Thought

Diversity and inclusion in the workplace are essential today. **The Rhythm of Inclusion is an interactive team building program** designed to bring a tangible connection between diversity, inclusion and those faced with these topics everyday. We create an environment where people feel valued as individuals and are able to appreciate the value of others.

The Rhythm of Inclusion brings home the real meaning behind the issues related to diversity and inclusion. It leverages the universal language of rhythm to connect people together by celebrating what distinguishes them individually and makes them more powerful together as a community.

A Drum or Percussive Stick in Every Seat

Finding common ground through the rhythm of inclusion is the first step. Once that's established, we then truly internalize how and why diversity plays a key role in business success. Inclusion of different ethnic, religious, sexual identity and gender groups in the workplace makes some employees uncomfortable. We deconstruct that discomfort so it never finds its way back again.

"Drum Cafe West's Rhythm of Inclusion Program was an addition to our Employee Diversity Council event that exceeded our expectations. The energy and excitement you brought into the space is unlike anything we've had before. You did a spectacular job of incorporating our company values and the EDC's mission into the program. And people were so moved by the demonstration of putting our hands on our neighbors' drums and feeling that difference."

**Victoria Person,
Diversity Advisor
Southern California Gas Company**

LEARNING OBJECTIVES

1. To honor people's unique and diverse contributions.
2. To lean into discomfort.
3. To create building blocks for genuine connections.
4. To recognize our own prejudices and transform them into positive actions.
5. To experience how each person can make a difference.

We produce high-impact events for:
Employee Resource Groups
Diversity Council Meetings / Conferences
Diversity and Inclusion Recognition Events

10 years in the business of:
Team building
Leadership development
Creating community through inclusion
