- This was a great session that looked at change in a different perspective. This content would be a very good enhancement and update to the Change Management Certification!
  - Cy uses stories very well. She mutes screen to switch focus to her. Her rapid pace with pauses works really well. Great work!
  - Very engaging, informative and helpful.
  - Excellent content, concepts that were thought provoking and humorous!! Can't wait to read the book!
  - Fab presenter. The sound wasn't quite right in places and some of the speech was a bit too fast to comprehend. Great energy though and amusing stories to reinforce the message.
  - Very conversational, balanced heavy and light very well. I laughed, I learned, and I got fired up.
  - Great storytelling and a very eye opening insight. Thanks for all the time and energy you have to support a new thought.
  - Amazing
  - Engaging, informative, and fun!
  - Engaging and prepared! One of the best sessions I attended!
  - I love Cy's energy. Unfortunately she speaks too fast to catch everything she's saying and taking notes. Thanks for recording her session so I can go back and listen again. Bring her back again.
  - Speaker was exceptional - brilliant woman - she's spot-on in how we as leaders need to evolve .... we keep doing/trying the same "stuff" and it's proven it hasn't worked ... stop the drama and adopt Cys expertise and proven results! Jeff
  - For a non native speaker a little bit too fast but plenty of practical examples!
