Dear Eric,

I wanted to take a minute and thank you for your inspiring keynote, More than Winning at our Midyear sales meeting, it was a touchdown! I appreciate the time you took upfront to learn about the firm and our culture that enabled you to tailor your message so perfectly that it resonated with the entire firm.

You had the unique ability to engage the audience and get them all to think about how they could lead with purpose and reach their peak performance. I have received numerous emails, texts, and calls saying how motivational you were and you certainly have reinforced the winning attitude that we have here at BFG.

I hope you enjoy the rest of the summer.

Best,
