Don Yaeger  
413 N. Meridian Street  
Tallahassee, FL 32301

Don:

On behalf of the Alabama Pharmacy Association, I thank you for your time and expertise at our 128th Annual Convention and Trade Show, the "Beachside Bash." We are thrilled you were able to attend our premiere event of the year and share your stories with us through your keynote presentation. Destin would have not been the same without you!

Every year, APA members come to our event to network with colleagues, visit old friends and, ultimately, enjoy some well-deserved R&R. Many times the product exhibitions and educational programs become obligations to attendees that take time away from relaxing on the beach, but not in your case. You sent the audience out 'buzzing' about the stories you told of Michael Jordan, Warrick Dunn, John Wooden and Walter Payton. Instead of repeatedly checking their Blackberries waiting for the hour to end, the audience was visibly moved by your presentation. One of our members actually came up to me after the event and told me that "whatever we paid you was not enough." Obviously, your message rang true and had a deep impact on our members.

Thank you for sharing the lessons and wisdom you've gained from these "Great" athletes with our crowd. I look forward to you being an active part in the Alabama Pharmacy Association in the future.

Sincerely,

Louise F. Jones  
Executive Director  
Alabama Pharmacy Association
