

Dear Steve,

Only one word can describe your virtual presentation on Thursday afternoon...Incredible!

I received numerous personal "thank you" emails, phone calls, and text messages. Some of the comments were:

- "What a fantastic presentation!! Thank you!"
- "Much needed words of wisdom and encouragement!"
- "Great message and very thoughtful during this difficult time."
- "That was inspiring!"

When a colleague of mine heard you speak LIVE last year, she was blown away. When I heard you speak virtually, I was likewise captivated. Your ability to connect with our people via a computer-generated platform was astonishing!

Thank you, Steve, for the huge difference you made on our team. I will definitely be reaching out to bring you back to speak in person when we "EMERGE" from this difficult time. Again, your virtual presentation was awesome!

Sincerely,
