

*Every person is called to lead.
Everyone will leave a legacy.*

How you lead, and what legacy is left when you're gone will be determined by the intentionality of your actions. In this 7 session Bible Study, Dr. Nathaniel Hearne uses biblical principles, combined with his own experience as a coach, teacher, administrator, and pastor, to guide you toward stronger character development and leadership qualities.

Character and leadership are not determined at birth. They are molded and shaped by the examples around you, who you look up to, and what you choose to believe, do, and say.

Join Dr. Hearne on this journey to becoming a stronger influence on those who are looking up to you as you develop positive qualities of character in yourself.

This Bible Study can be done individually or in a group setting and is an accompaniment to Dr. Hearne's book *Friday Night Lights: Untold Stories from Behind the Lights*.

Nate Hearne's unique combination of "secular success" and "biblical success" sets a new standard. While it is important to prepare young people to actualize their performance potential, it is even more important to prepare them to live joy-filled, meaningful lives. Dr. Hearne is masterful in using his coaching experience at Permian High School as a metaphor in describing the important role the "Christ factor" can play in that preparation.
