Best session of the week. Already incorporating yes. Very interactive and e having. Looking forward to bringing him to my staff and board.		
Best session yet! Lots of energy and enthusiasm. Real actionable practices to take back to office. Have him back next year.		
Best speaker here		
By far my favorite session I have ever attended at a conference. This should have been the keynote (no offense to Nilofer!). Galen discussed something that every single attendee needs to hear and the room was packed! I took so many notes and hope to lead meetings utilizing a number of the tools/games we did. Bring him to Great Ideas!!!		
Engaging. Left learning real ways to be a better person and communicator.		
Exceeded my expectations. Great presenter and session. Hoping to use him for future meetings.		
Excellent		
Excellent and fun session		
Excellent content provider and motivational speaker. I real eye opening and career influential session!		
Excellent session - important information for dealing with a tram		

Excellent speaker! I was hesitant about the interactive piece but it was a lot of fun!		
Fabulous. - the BEST. Session		
Fantastic!! Great speaker/message.		
Galen Emanuele hit it out of the park. Large crowd, fully engaged, exceptional presentation. Will recommend him to others who could benefit from his work. Content was outstanding and he is a gifted & entertaining presenter. Best session of this Annual Meeting in my humble opinion. Having said that, interactive format would not lend itself well to fixed chair large auditorium. Would also note the temperature in that room hovered near 80 degrees, very uncomfortable and no one from the convention center stopped by to check/adjust it as had happened in some other mtg rooms.		
Galen is one of the best speakers I have heard. Please have him return next year!!		
Galen should be a Game Changer speaker. Too good for a learning lab!		
Galen should lead a Game Changer session. Great, high energy presenter.		
Galen's session was fantastic. ASAE should consider asking him to do a keynote session at a future Annual Meeting or Great Ideas Conference. Very thought provoking and entertaining!

He was fantastic! Great energy and engagement. I hope to have him speak to my organization.		
He was fun, but too much of the activity and not enough of the application. Room was too hot!

OMG! This guy is phenomenal! His session should be mandatory for transformation prior to starting the conference. I will be able to use everything he taught us tomorrow morning when I return to the office. Huge, huge, huge positive cultural impacts. If this guy had his own church, I'd be there first in line. You picked a winner!		
One of my top 3 sessions. Excellent!		
One of the best sessions! He was great! Should be a game changer next year.		
Practical advice		
The balance of presentation (no slides!) and interaction was perfect for this topic. The interaction was relevant and. Rey fun.		
The room was at least 85 degrees. Despite that the speaker's energy was high and he promoted that energy in the participants. He kept us going. I might have left otherwise. I do see some use for this tool in my work, to a limited degree.		
This program was excellent. I am considering bringing him to our association.		
This was a fantastic session with immediate effect & learning. I can walk out of this session & immediately change my behavior & put the technique into place in changing my team's culture		
This was a fantastic session. It made me realize I've been a bad boss. I can do better now. I not only lived the session, I want to be this guy's friend.		
This was a fun and engaging session!		
This was a very fun session, that incorporated a lot of communications skills. It was a nice (and entertaining) refresher that I can't wait to put into practice with my team of designers and editors.		
This was amazing - the time flew and i got value out of this session		
this was by far the best session i have ever attended at any conference. Although frightened at first by the idea of having to learn/do improv, i left the session feeling empowered and excited to use the tools i learned in work and life. Thank you for opening up my eyes, Galen! It was fabulous!		
This was my favorite session!! Thanks for a fun and engaging way to remember who we communicate is so critical.		
This was phenomenal.		
This was the best session I attended at this conference. Thank you!		
This was the best session of the conference. Never seen a speaker connect with a group quite like Galen. He got a standing ovation! This was worth coming!!
