To Whom It May Concern:

Diane Allen presented at Delaware SHRM's 21st annual conference on October 21, 2021, the second day of a three day virtual conference. Diane is a great storyteller who immediately engages the audience by combining her love of music with her experiences of self-empowerment and breaking through performance gaps - all presented with humor and wisdom.

The comments from our attendees were outstanding. We highly recommend Diane Allen and her message be considered for any SHRM presentation.

Sincerely,
