

Make DIFFICULT PEOPLE Disappear™

(How to Reduce Stress and Eliminate Conflict in the Office)

We've all had that one difficult person that we wish we could make disappear... **without going to jail**. We may have called them Eeyore or called HR to help us, but what we didn't want was to DEAL with their difficulty anymore! Make Difficult People Disappear™ is a **fun keynote** that **increases your attendance** because everyone wants to know how. Others will bring their difficult people and end up laughing together. Make Difficult People Disappear™ teaches them:

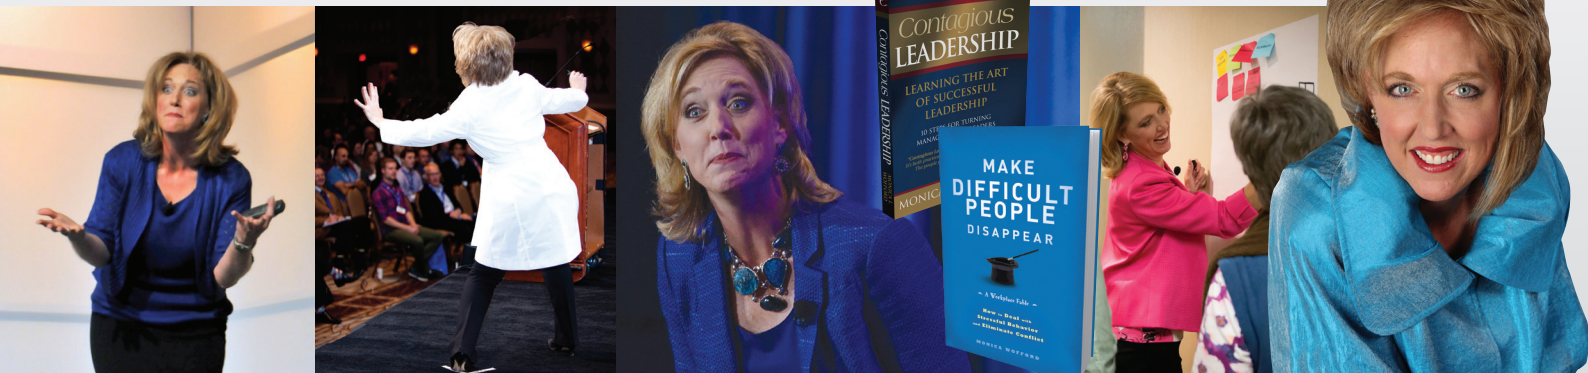

- How others are more different than difficult
- How to stop taking anyone else's behavior personally
- How to assess, address, and modify their own behavior

With an **in-session personality assessment**, many entertaining stories, and more than **15 real world tips**, this keynote is engaging, entertaining and surprisingly informative for all audiences.
