

HENRY BOWLES

EMPOWERING LEADERS, TEAMS, AND ORGANIZATIONS TO MASTER RESILIENCE
FOR PEAK MINDSET, AGILITY, AND PERFORMANCE

AV AND TECH REQUIREMENTS

GENERAL NOTES

This document complements the AV provisions in the engagement agreement.

A full technical rehearsal is scheduled in advance of the presentation, per the engagement agreement. If venue or scheduling constraints require adjustments, please arrange with Henry an alternate rehearsal time or an extended tech check on show day.

Henry uses the house-provided laptop and projection system to display his PowerPoint slides. He will confirm use of the house or personal wireless clicker during the tech check.

AUDIO

- Wireless lavalier mic
- One handheld wireless mic for audience participation
- Ability to play short audio/video from laptop
- FOH support with fresh batteries

PROJECTION AND SCREENS

- 16:9 widescreen projector or LED display
- Brightness appropriate for room size
- Slides mirrored on all screens

STAGE AND ROOM

- Lectern/podium off to the side (Henry uses neither)
- One small high table for water and clicker
- Even front lighting; audience lights at ~30–40%
