

# Introduction for Josh Cole

Good [morning/afternoon], everyone.

Our speaker today knows what it takes to lead in the real world — not just from a book or a classroom, but from decades of actually doing it. For more than 20 years, Josh Cole has been building organizations, leading teams, and guiding leaders through the very same challenges that most of us face every single day:

- miscommunication that derails projects
- conflict that divides teams
- and the struggle to find clarity, confidence, and momentum in leadership.

Josh is a certified member of the Maxwell Leadership Team and the founder of Josh Cole Coaching. He's worked with companies, nonprofits, churches, and local governments — organizations like Avita Health System, the Crawford County Health Department, the United Way of North Central Ohio, and the Village of Crestline Administration — equipping leaders and frontline teams to grow, connect, and perform at their best.

What makes Josh unique is his focus on *connection*. His message isn't about abstract theory — it's about practical, proven tools that help you communicate clearly, build trust, and create momentum that lasts.

Here's what past audiences have said:
