Supporting women to align their life with the wisdom and power of their Higher Self

At the age of 45, I "woke up" at the top of my game. On the outside, it all looked perfect. As a former Ritz-Carlton marketing executive, I found myself at the intersection of corporate achievement and a spiritual awakening. Today I see this profound transformation taking place among successful women leaders everywhere shifting from "crown-wearing" leadership, seeking a deeper expression of what I call, Original Wisdom.

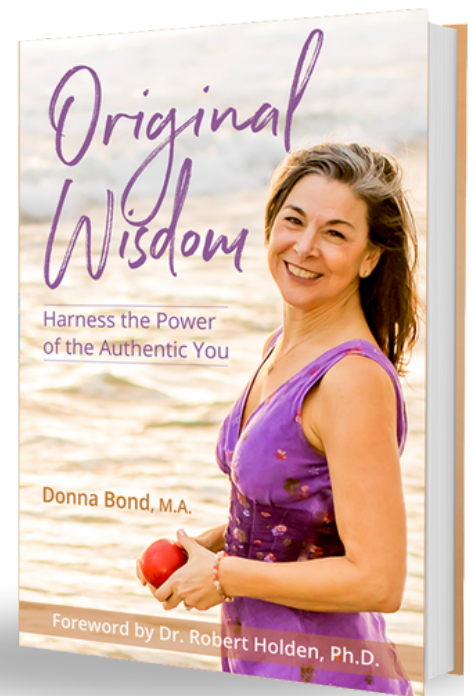

On the inside, I was exhausted, depressed, and unfulfilled—leading to what I now understand as divine intervention: enrolling in a master's program in Spiritual Psychology and beginning my journey of Personal Transformation.

Today, I am a Soul-Catalyst and expert in personal transformation, supporting conscious women who are ready to challenge the status quo.

When we trust our higher self and love our human self, the ripple effect changes the world.

Donna holds a master's degree in Spiritual Psychology with an emphasis on Consciousness, Health and Healing.
