Leadership Illusions

This presentation incorporates mind-blowing illusions combined with leadership truths in a power packed presentation that will entertain and educate. This will raise every participant's leadership level as well as their personal growth skills.

Connecting for Maximum Productivity

The number one thing that holds organizations back is lack of communication. Everyone is talking, but very few people actually connect. Drawing from his Amazon best-selling book, DISCover Your Team's Potential, using the DISC model of human behavior, as well as some jaw dropping illusions, Ken will show everyone how to understand themselves in a way they never have before. But more importantly, he will show everyone how to understand the people who are around them every day and how to connect with them in a meaningful way.

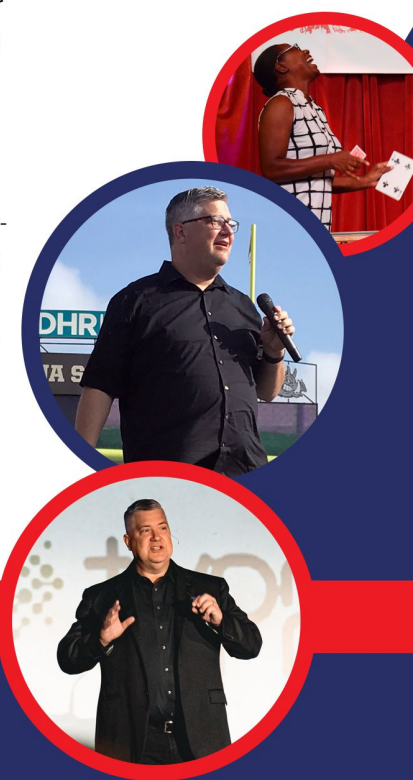

The Legacy Tree: Growing a Life that Matters

True legacy is found in what we give to others, but until we're ok in our personal growth journey, we'll never have anything to give to those about whom we care. You will leave this session with a renewed sense of direction and clear plan for your personal growth.

Mike Huckabee, Former Governor of Arkansas, “Ken Hartley is one of the most gifted and versatile people I’ve ever worked with. I’ve marveled at his ability to have a crowd laughing out loud and then a quiet as a wake as he taught leadership principles at conferences.”

Joe Krivelow, Health Solutions Team, “The illusions were very entertaining but the leadership content was spot on and really drove our message home.”

Marie Cosgrove, Entrepreneur, Speaker, Radio Host- “The last two events I hosted were for two large groups: one at an arena and the other for 13,000 high school students that was live-streamed to over 450 schools across the USA. Having a speaker that can engage, entertain, and captivate large crowds is essential. He had the audience on the edge of their seats-from professionals at the arena to high school students-he was engaging until the end.”

Delatorro McNeal, FTX, “He absolutely lit the place up with mind blowing illusions and powerful content.”

James Smith, “Ken has done numerous presentations for our events where attendees pay thousands of dollars each to attend. He is consistently ranked at the top of our speakers.”

Todd Gaither, Tandem Financial Partners, “Ken’s interpretation and application of our personality profiles made the biggest difference. I couldn’t recommend him highly enough for your organization.”
