RADIANT Achievement

TURN ON YOUR LIFE, YOUR ESSENCE,
AND YOUR SOUL-CENTERED CALLING

Christine's passion for helping women to find their souls' calling "radiates" throughout this entire book! She guides us through a clear seven-step approach to help us get out of our heads and connect to our hearts, which is where the magic happens. This book is a perfect read for anyone looking to stop pushing for results and to start allowing the beautiful process to unfold with joy and ease. I highly recommend it!.

Before reading Radiant Achievement, I considered myself a failed over-achiever. I always had ideas and several projects going at once. My goals in life never seemed to be enough, and I didn't feel fulfilled in the achievements I had made. Christine guided me to understanding that I had been externally seeking a sense of accomplishment for things that didn't even speak to my heart.

When I implemented the core powers of Radiant Achievement, I felt a new level of fulfillment in my life. Particularly, the powers of Inner Listening, Reflection, and Rituals helped me develop the process and gave me the space I needed to hear what I needed for myself. I'm excited to see where this new model of achievement will take me.
