

Howard Globus - Short Bio

Howard Globus is a cyber security evangelist and creator of the The SAFE Matrix™, a 4-step system to “outhack” the hackers and bulletproof small businesses.

Starting as a 7-year old prodigy, Howard has dedicated himself to helping small to mid-sized businesses protect their assets from internal and external data breaches in order to maintain confidentiality and integrity to keep their businesses thriving.

Howard is the Amazon bestselling author of "[Unhackd](#)", a guide on how to stay safe online, based on his illustrious career working with everyone from individuals to small companies and Fortune 100 businesses.

Howard is an in demand keynote speaker and has been named a Top Expert by [Digital Journal](#), featured on [Safety Detectives](#), [BAI](#), Gartner/Captera on [AI](#) & [Ransomware](#), [The Bond Buyer](#), [Mindful Mamma Podcast](#), and is a cyber security guest writer on [Karjaka](#).
