

Carolina delivered AgSafe's ACTIVATE conference keynote, Leading Forward: Letting Go to Level Up, in February 2026, and it was exactly the message our community needed. In agriculture, and in life, leadership is not just about doing more. It is about having the courage to unlearn outdated habits, identities built for a past season, and beliefs that no longer serve us. What moved us most were the conversations after her keynote. The reflections. The honest shares. The vulnerable moments as our community leaned into the courageous work of unlearning. You could feel something shifting in the room. Thank you, Carolina, for inspiring us to rethink, release, and lead boldly. Your message did not just challenge us. It stayed with us.

Theresa Kiehn, Executive Director AgSafe
