Letter of Recommendation

To Whom It May Concern,

It is my great pleasure to recommend Dr. Khannah Josue for any professional or academic endeavor/engagement she chosen to participate in. I had the privilege of experiencing her exceptional teaching during the 2025 Dominion Network Summit, where she delivered a remarkable presentation on the brain.

Dr. Josue possesses a rare ability to bridge science, faith, and practical application in a way that is both intellectually rigorous and deeply inspiring. Her presentation brought clarity to complex concepts and illuminated the vital connection between understanding the mind and fulfilling one's purpose and calling.

Beyond her expertise, Dr. Josue brings an authentic passion and grace to her work. She communicates with both authority and compassion, leaving her audience not only more informed but also more empowered. Her contribution to our summit added significant depth, and her insights left a lasting impact on our network.

I wholeheartedly endorse Dr. Josue and am confident that her knowledge, integrity, and dedication will greatly benefit any organization, community, or audience she serves.

With the highest respect and appreciation,

Rabbi Steven D. Brock
