

NEW FROM JOHN AUSTIN, PhD

# CERTAIN ABOUT UNCERTAINTY

★★★★★  
4.9 / 5 on Amazon

Build Resilience, Gain Confidence, and Thrive in a Chaotic World

4.73 / 5 on Goodreads

## WHAT EARLY READERS ARE SAYING

**Austin's most durable achievement is turning uncertainty from a mood into a method.**

— Demetris Papadimitropoulos, Goodreads reviewer

*"It shifts the question from 'How do I eliminate uncertainty?' to something more useful: 'How do I function well within it?'"*

— Deb Bucci, PhD

*"Arrives at exactly the right moment... It teaches you to move through it with confidence, curiosity, and community."*

— Deborah A. Jackson, PhD

*"In a world where leaders are expected to navigate ambiguity but rarely taught how, this delivers something genuinely useful."*

— Tim Duggan, PhD, executive coach

## THE BOOK

- 1 Anticipatory Awareness**  
See weak signals before others do.
- 2 Adaptability**  
Move with shifts instead of being moved by them.
- 3 Learning Agility**  
Turn every disruption into raw material for growth.

Drawing on decades of research, teaching, and work with leaders at Wharton, Penn State, Duke Corporate Education, and Georgetown, John Austin introduces uncertainty intelligence — a learnable set of capabilities for navigating change with clarity, competence, and steadiness.
