## CME Faculty Disclosure Form

The Accreditation Council for Continuing Medical Education (ACCME) requires all speakers to complete the following "Faculty Disclosure Form". In keeping with ACCME guidelines, we are required to ask that you give a balanced view of therapeutic options, use generic/trade drug names of the products of several companies, be objective in reporting research, and disclose unlabeled use of commercial products. Speakers are prohibited from conducting sessions without having submitted this completed document.

Having an interest in or affiliation with any corporate organization does not prevent a speaker from making a presentation, but the relationship must be made known in advance to the audience in accordance with the standards of the ACCME. A conflict of interest may exist if a faculty member of an educational activity, or spouse or partner of that person, has affiliations or financial arrangements with the grantor or any commercial interest(s) that may have a direct impact on the content of the program. Financial arrangement is defined as being a shareholder, consultant, grant recipient, research participant, employee, and/or recipient of other financial or material support. Full disclosure of any such affiliation or financial arrangement is required of all persons who may have control over the content. This disclosure policy is intended to protect all parties involved from any potential conflict of interest that may arise.

## Nondeclaration Statement

I, Reden Dionisio, declare that neither I, nor any member of my immediate family, has a current affiliation or financial arrangement with the grantor and/or any commercial interest(s) that may have a direct interest in the subject matter of the CME program.
