# THE 15 INVALUABLE LAWS OF GROWTH

Live them and reach your potential.

## Personal growth and leadership development go hand in hand.

Discover what it means to tap into your unlimited potential and become all that you can be! The most published author on the topic of *leadership* in the world, John C. Maxwell, has turned his attention to the subject of personal growth. Why? Because John has practiced personal growth his entire life and attributes his remarkable success to his commitment to becoming a lifelong learner.

This book reminds the reader that potential is one of the most powerful things you can learn about yourself. A person's potential opens the door to possibilities, it heralds hope, and it unveils greatness. In *The 15 Invaluable Laws of Growth*, Maxwell shares the core of what he has learned about developing yourself so that you have the best chance of becoming the person you were created to be.

### In this group study, we will explore:

- **The Law of Intentionality:**  
Growth Doesn't Just Happen
- **The Law of Awareness:**  
You Must Know Yourself to Grow Yourself
- **The Law of Consistency:**  
Motivation Gets You Going, Discipline Keeps You Growing

*And you will discover so much more...*
