

### AV Requirements and Logistics

Item	Requirement	Notes
<b>Microphone</b>	Wireless Lapel microphone or headset	Requires freedom of movement and dynamic delivery.
<b>Screen/Projector</b>	High-quality large screen/LED wall with clear visibility to all attendees.	Keynotes include high-impact visuals, data, and models (R.I.S.E., C.O.M.P.A.S.S.).
<b>Connectivity</b>	HDMI connection for Mac laptop or AirDrop connection.	Speaker will provide own Mac laptop.
<b>Audio</b>	Connection to house sound system for music and video playback.	Music is used for intro/walk-out and specific emotional segments.
<b>Stage Setup</b>	One stool/chair and one small table/podium for remote clicker, 110 power outlet, chilled bottled water, and notes.	Stage must allow for freedom of movement and active audience engagement.
<b>Lighting</b>	Clear, soft wash lighting on stage; keep ambient room lighting low for screen impact.
