

What if you could draw from the power of the universe for your ultimate voiceover career? Iconic voice actor Xavier Paul Cadeau takes you through a mystical New Age creative process designed to get you creating compelling characters for any voiceover genre. Practically apply spiritual principles to the voiceover craft. Remove blocks and become self-sabotage proof! Xavier covers basic and advanced principles combining Michael Chekhov's approach and various spiritual/mystical principles to a new way of acting. He takes us through the process from woodshedding to recording with Chekhov's approach. Radically different from many of the practices currently taught to voice actors and directors and picture perfect for the voiceover craft.
