

# Accelerate your Success

For over 30 years Chris Roebuck has led global teams growing C suite and other leaders as High Performance Human Leaders to Accelerate Success by meeting their key objectives and overcoming challenges, on performance, customer focus, engagement, culture, risk, cost reduction and now AI.

Chris has Accelerated Success at HSBC, London Underground, UBS, KPMG, Nat West, UK NHS, helped leaders grow in Goldman Sachs, Tata, Cardinal Health, UK & UAE Prime Ministers Offices, Huawei, BASF, Reuters, Barclays, Red Cross, Chinese Space Programme and more.

All built on his experience as a British Army Officer and in senior leadership roles across business and Government.

He's delivered award winning transformations and culture change, grown talent, and entrepreneurial leaders, shown how people power will boost profits.

Chris interacts to reveal vast potential hidden in leaders experience with powerful insights from business to neuroscience, on being an Authentic and Impactful Leader they won't have heard before, in a fun way.

Everyone then decides on specific actions to implement tailored to their needs and organisations objectives to become Future Fit Leaders, in top 20% of peers, successful not just for now but for rest of their careers.

Chris also has a system which proves the return on investment of his keynotes, not just after but before he's even finished !

## Key Accelerate Your Success topics to grow Future Fit Leaders:

- **Future Fit Leadership** – 3 steps proven to grow your capability to become a top 20% leader - Chris shows you the significant hidden potential in your experience to deliver better and beat your challenges to be more successful in future.
- **Human Leadership for the AI world** – optimising Human Intelligence (HI) to enable AI adoption. Chris helps you understand what AI can and can't do and how to develop your HI to enable you to best lead in the AI world.
- **High Performance Leadership** – your critical objectives delivered if not exceeded. Most leaders don't realise they could get up to 30% more effort from 60% of people to add potentially 10% on bottom line. Chris shows you how.
